

### How to award the coin

Use a *PreventionPlus* team meeting or other department meeting so you can award the coin in front of other store associates. District Managers and Store Managers should make every effort to coordinate a date and time when they can recognize the associate together. Please make sure to present the associate with both the coin and the certificate.

Please Note: If you do not receive the Challenge Coin and Certificate within the next two weeks, please contact Kristie Devecchis at 863-688-1188 ext. 38693.
